

The Solution Team[®] response to bullying

A No Bully workshop: Monday, February 1, 2010

Often our attempts to stop student bullying fail to improve things, or even make them worse. Sometimes the students whom we are trying to help actually seem to provoke aggression and rejection by their peers. This workshop is for educators seeking an anti-bullying intervention that is truly effective. Under the **Solution Team[®]** response, an adult facilitator pulls together a team of students to solve the bullying of one of their peers. It has been found to have immediate success in 80% of cases.

Participants will learn:

- **How to lead a team of students** through all of the stages of a Solution Team[®].
- **How to adapt Solution Team[®] for students** that contribute to their being the target of bullying.
- **How to Solution Coach[™]** targets and bullies towards a positive sense of power.

No Bully is a respected San Francisco-based 501(c)(3) non-profit. **Solution Team[®]** forms part of the workshops, trainings and one year anti-bullying program that **No Bully[®]** provides to schools to help them create cultures of acceptance and respect.
